

# COVID UPDATE

12/1/2021

The Cedar Key Arts Center and Old Florida Celebration of the Arts Working Committee is cautiously and optimistically continuing to plan for our April 2022 Fine Arts Festival. As we did last year, we will be working hard to create a COVID-Conscious event by inviting fewer artist to provide more space between the booths and reduce congestion throughout the venue. In addition, we will be encourage visitors to maintain respectable social distancing and wear masks if they are not vaccinated. Sanitizing Stations will be located throughout the facility thanks to our Wellness Sponsor, Levy County Prevention Coalition.

As we all understand, the COVID pandemic is not over, and the safety of our artists, volunteers and community will be periodically reassessed in light of current conditions and recommendations. Updates will be posted as soon as possible if changes occur.
